GOVERNMENT SUPPORT FOR BUSINESS AND INDUSTRIAL DEVELOPMENT

MAKE IN INDIA

The Make in India initiative encourages multinational as well as national companies to manufacture products and create an integrated order & supply chain in India. By boosting domestic manufacturing and attracting foreign investors, the government aims to generate employment and transform India into a global design and manufacturing hub.

Note: -By applying for certification, you agree to carefully review and complete your information accurately, submit required documents, and comply with specified norms. Your certificate will be issued within 30 days of approval. Entrepreneurs are responsible for protecting their intellectual property, and Startup Corporation does not take responsibility. Make payments payable to "Startup Corporation" only, and ensure you receive a receipt. All payments are non-refundable, and certificate upgrades are mandatory if turnover increases. Failure to follow rules and quality control measures may result in termination without refund. By proceeding, you acknowledge and agree to these terms.

Disclaimer:- By signing the application form, the applicant confirms submitting all required documents and information. They understand that false information will result in immediate termination of the certification process. The applicant waives any objections or claims, acknowledges non-refundable payments, and understands that failure to comply with rules and quality control measures will result in termination without refund. All payments are non-refundable and non-reversible, and no claims will be entertained once the payment process is complete.
